## Pyrosis : évaluation de l'acupuncture

### 1. Systematic Reviews and Meta-Analysis

#### 1.1. Specific Clinical Forms

##### 1.1.1. Heartburn in Pregnancy

See [corresponding item](#)

### 2. Clinical Practice Guidelines

⊕ positive recommendation (regardless of the level of evidence reported)  
∅ negative recommendation (or lack of evidence)

#### 2.1. American Gastroenterological Association (AGA, USA) 2020 ⊕

Fass R, Zerbib F, Gyawali CP. AGA Clinical Practice Update on Functional Heartburn: Expert Review. *Gastroenterology*. 2020;158(8):2286-93. [212040]. [doi](#)

Best Practice Advice 6: Based on available evidence, acupuncture and hypnotherapy may have benefit as monotherapy in functional heartburn, or as adjunctive therapy combined with other therapeutic modalities.
